W-2			Rejected: This comment was rejected at this time because the round format is not inconsistent with the 10-point must system.	No revision needed.
W-3			Accepted.	Same as W-2.
W-4			Rejected. The proposed rules are very similar to those used by other states. In fact, other states have been using California's original proposed regulations for approximately 5 years, they seem to be working well, and this would help provide some consistency. In addition, the commission has some concerns from testimony presented over fighter safety regarding the 10 minute first round format and believes such a change would require further study to ensure fighter safety is not compromised.	Same as W-2.
W-5			Rejected. The proposed rules are very similar to those used by other states. In fact, other states have been using California's original proposed regulations for approximately 5 years, they seem to be working well, and this would help provide some consistency.
